

The image shows a circular sticker template. At the center, the words "Sticker spot" are written in a blue, bubbly, cursive font with a white drop shadow. Surrounding the text are three concentric dashed circles: an innermost green circle, a middle black circle, and an outermost red circle. These circles define the safe area, bleed area, and trim area for the sticker.

**Sticker  
spot**

Trim area : 100mm Circle

Bleed area : 106mm Circle (bleed artwork should extend to here)

Safe Area : 94mm Circle (keep all important artwork inside this area)
